CENTRAL STATES FAIR AND EXPOSITION GROUNDS

A Modern Fair Plant

The Central States Fair and Exposition grounds, comprising over 134 acres, are located $2\frac{1}{2}$ miles north of the city of Aurora, Illinois, on the Lincoln Highway and are within the village limits of North Aurora, Illinois, 35 miles west of Chicago.

Cars of the Aurora, Elgin & Chicago Electric Railroad will pass the main entrance to the grounds, a seven minutes' ride from the downtown district of Aurora. The tracks of the Aurora-Geneva branch of the Northwestern railroad are but a few yards to the east of the interurban line. The tracks of the Aurora-Batavia branch of the Burlington railroad run through the center of the grounds, giving the association ideal service for loading and unloading live stock, race horses, farm machinery and other exhibits.

The entire property is level and affords excellent building locations for the stock barns, exhibit buildings, grand stand and race track.

The swine pavilion is 200 feet square and will accommodate over 1500 head of hogs. The pens are 6 feet x 8 feet, constructed of steel and wire and have concrete floors. The show rings and two wash racks have been provided.

The cattle pavilion is 217 feet square and will house 936 head of dairy and beef cattle. Stall equipment is most modern.

Seating accommodations for 10,000 persons are provided in the concrete and steel grandstand. Additional bleacher seats at each end of the grandstand will seat another 5000, giving a total seating capacity of 15,000.

Over three miles of sanitary sewer and water mains have been laid. Two deep wells provide 400 gallons of water per minute.

Thousands of feet of cinder walks extend to the entrances and connect all the main buildings and points of interest on the grounds.

The permanent plan for trees, shrubs and flower plants has enhanced the beauty of the buildings and grounds.

The Forestry, Woman's, Agriculture, Horticulture, Fine Arts and Education buildings are conveniently located.

"Bring Your Neighbor"

Return Checks

No Pass Out Checks Issued. Persons holding tickets for succeeding day will be admitted after nine o'clock p. m. by presenting same at pass gate; tickets to be taken up the following morning when the grounds are policed. Positively no return checks issued at outside gates.

City Bureau of Information

Under the direction of the Aurora Chamber of Commerce a bureau of information will be maintained during the entire time of the fair. The main branch will be in the general offices at 109 Fox St., with branch offices at the railway stations.

Y. M. C. A. Housing Bureau

A list of lodging and boarding houses, with prices, will be kept by the Y. M. C. A. of Aurora and visitors are cordially invited to avail themselves of the opportunity thus afforded, free of cost, to locate lodging and boarding houses. You can feel perfectly safe in any place recommended by the Y. M. C. A. They will also thank you to report to them promptly any exorbitant charges made by any boarding house, hotel or restaurant, barber shop, etc.

As manufacturers of proven types of centrifugals, deep well plunger pumps and deep well turbines—any recommendations our engineers make will be without bias as to type of pump recommended.

“American” engineers will gladly go into your pumping costs—there is no obligation entailed, and it is only to be expected that half a century of experience has resulted in the accumulation of much valuable data. PERCHERON SOCIETY OF AMERICA SPECIALS FOR YEAR 1923.

In 1923 the Percheron Society of America offers the following special premiums to be competed for by the exhibitors of this show.

1. Special ribbons will be awarded to the first, second and third prize animals regardless of whether they are American-bred or imported. Special ribbons will also be awarded in the championship classes.

CONDITIONS. All animals competing for these prizes must be recorded in the Percheron Stud Book of America. No animals can compete for these special premiums unless they stand on the records of the Society as owned by the exhibitor at time shown, except in Get of Sire, Produce of Dam and other group classes. Unrecorded colts are not eligible to compete for these special prizes unless the exhibitor furnishes the Secretary of the Fair with the name and the foaling date, and unless the exhibitor files with the Percheron Society of America, application to register such colts within ten days after the close of the Fair. Recognition by and special prizes of the Percheron Society of America will not be granted to any Fair that does not provide separate classification for Percherons, to which horses of other breeds are not admitted.

E. B. WHITE, President.

ELLIS McFARLAND, Secretary,

Percheron Society of America, U. S. Yards, Chicago, Illinois.

Live Stock Entries Close July 30. An Exhibitor's Ticket must be purchased by every Live Stock exhibitor making entries, and entries will not be accepted until this ticket has been purchased. When making entries in more than one department, use separate blank for each department. Please write distinctly.

DO NOT MAKE ENTRIES IN CHAMPION SECTION.

All cattle exhibited at the Central States Fair for the year 1923 must be accompanied by a certificate of health issued and endorsed by the authorities of the State from which the exhibited animals originated: that such animals are free from the tuberculosis as shown by the tuberculin test made within Three Months from the date of exhibition unless said animals come from a Federal or State accredited herd. Exhibitors will be asked to present this certificate upon arrival at the fair grounds to the official veterinarian.

Protests—See General Rule 28.

All females 36 months of age must have produced a living calf, and entries must be accompanied by affidavit of date of birth of last calf, or give satisfactory evidence of being in calf.

All applications for entry of cattle must be accompanied by name of breeder, name, number, age and date of birth, and name and number of sire and dam of the animal to be exhibited.

All animals exhibited in this class must be recorded with their respective associations in the name of the bona fide exhibitor, previous to date of showing.

The dates for computing ages of beef breeds of cattle are fixed as September 1 for Senior Classes and January 1 for Junior Classes.

Pedigrees of cattle, in all cases, must be traceable to the American or Foreign Herd Books of the particular breeds to which they belong.

Awards will be made by the single judge system, unless in the judgment of the Superintendent of the Section more are required. Where there is no competition and the exhibit is worthy, the first prize will be awarded. Where there is competition, all prizes will be awarded.

The Superintendent shall exclude stock from competition should there

be any unnecessary or embarrassing delay on the part of the exhibitors in bringing animals into the show ring.

No premium will be awarded to any animal or group of animals unless shown in the ring for judging.

All animals entered for exhibition shall be in place not later than 12:00 o'clock noon, Saturday, August 18, 1923.

Entries will positively close Monday, July 30, 1923, at 6 p. m.

Animals must not be removed from the grounds until the close of the Fair except when affected by disease or in case of emergency, and in such cases only upon request of the Superintendent and the written permission of the General Manager.

The Superintendent of the Section will furnish exhibitors of cattle with helpers' tickets at a charge of \$1.00 each, permitting their assistants to remain on the grounds.

A single animal may be exhibited as one of a herd, but shall not otherwise be entered in more than one lot, except in lots for get of one sire and produce of one cow.

Graded Herd: To consist of bull over two years old; cow 3 years old or over; heifer, two years old and under three; heifer, one year old and under two; and senior heifer calf.

Yearling Herd: To consist of one bull one year old and under two years; two yearling heifers, heifers to be bred by exhibitor.

Pair Calves: One bull (senior or junior) and one (senior) heifer, bred by exhibitor.

Get of Sire: To consist of four animals, any age, either sex.

Produce of Cow: Two animals, either sex, the produce of one cow.

Champions: Only animals awarded first prizes in class rings eligible to compete for champion prizes.

Grand Champions: Only champion animals eligible to compete for grand champion prizes.

When on exhibition in the ring, each animal must be under halter and in charge of owner or employee, who shall wear cards to correspond with catalogue numbers.

Every animal entered for competition shall be under the control of the Superintendent of the Section in which it is entered, but the Fair Management will in no case be responsible for any loss or damage to the same that may occur.

Exhibitors must submit their animals for examination by the official veterinarian when so ordered by the Superintendent of the Section.

The Superintendent should instruct his clerk to check the entries shown in the entry book in each ring, with the exhibits present, and so mark the entry book that it will show what animals were passed on by the judges.

THRILLING AUTO RACES

Sunday, August 19th — TWO DAYS — Saturday, August 25th

Above are seen some of the veteran speed pilots tearing up the oval in a recent championship meet at Atlanta, Ga. Many of these drivers will clash with a score of others of national fame for the dirt track honors of the Middle West and the big cash purses offered in the Central States Fair and Exposition auto races. Attempts will also be made to lower the world and state record over the half mile course by some of the leading drivers entered in their fast dirt track machines. Sig Haugdahl, Fred Horey and a few others have spent the winter building up new cars, each hoping to carry away the season's dirt track honors and win the coveted title now held by Haugdahl.

Auto race will be held under the rules and with the sanction of the International Motor Contest Association.

Rules

Note—Bill all freight to NIFA, Illinois.

Protests—See General Rule 28.

Award will be made by the single judge system, unless in the judgment of the Superintendent more than one judge is required.

All animals exhibited in this class must be recorded with the respective associations in the name of the bona fide exhibitor previous to date of showing; and the certificates of registry for all animals must be inspected and approved by the superintendent in charge before the animals are eligible to enter the show ring for competition.

All animals stubble shorn or trimmed to an unnatural shape will be discriminated against by the judge, or may be barred altogether from exhibition, if in the judgment of the judge or the superintendent in charge, the deception is great enough to warrant same.

In the open classes, exhibitors are restricted to three entries in single shows and to one entry in group shows.

The superintendent in charge must insist that the judge refuse to award a premium to an unworthy animal.

Awards will be made as rapidly as possible and at such times as the Superintendent may designate.

No premium will be awarded to any animal or group of animals unless shown in the ring for judging.

All animals entered for exhibition shall be in place not later than 12 o'clock noon, Friday, August 17th. (See General Rule 18.)

Entry cards will be required for all animals at time of exhibition in the show ring.

In the Sheep Sections, pen fees will be 50 cents per animal, but no pen is to cost less than \$1.50.

Entries will positively close Monday, July 30th, 1923, at 6:00 p. m.

Every animal entered for competition shall be under the control of the Superintendent of the section in which it is entered, but the Fair Management will in no case be responsible for any loss or damage to the same that may occur.

Exhibitors must submit their animals for examination by the official veterinarian when so ordered by the Superintendent.

The Superintendent should instruct his clerk to check the entries shown in the entry book in each ring with the animals present and so mark the entry book that it will show what animals were passed on by the judges.

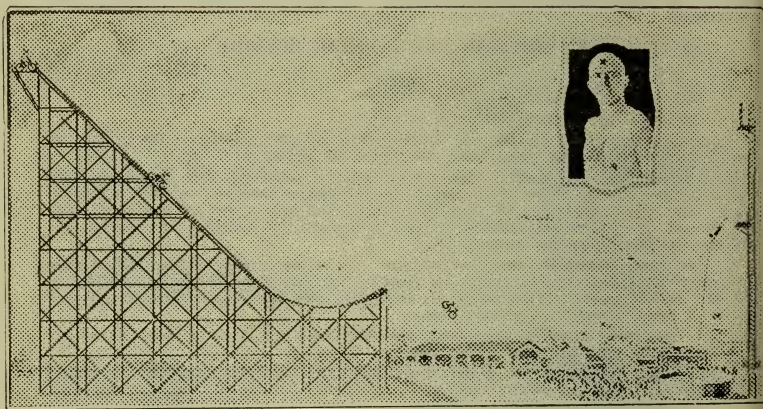

Sheep must be owned by one individual or previous existing firm at least thirty days prior to the fair.

Judges in making awards must record car tag as well as entry number of all animals awarded prizes.

Flock will consist of one ram any age; one ewe two years old or over; one ewe one year old and under two; and one ewe lamb under one year.

Get of sire will consist of pen of four lambs; either sex, the get of one sire.

All ewes over three years old must have produced a live lamb and the fact must be certified and evidence furnished if required by the Superintendent or judge.

CERVONNE AND HIS BAND

"Music hath charms," is quite appropriate in the case of Cervonne and his band, which have been engaged this year. Mr. Cervonne has made an enviable reputation with his musical organization, having played some of the leading State Fairs during the past few seasons. He has a wonderful knack of surrounding himself with clever soloists of versatility, who are capable of rendering a complete program of both popular and classical musical numbers. A real treat is in store for the music lovers visiting the Central States Exposition this year.

DEPARTMENT G.

MACHINERY AND FARM IMPLEMENTS

SuperintendentIra R. Judd, Aurora, Illinois
Director in Charge.....W. H. Fitch, Aurora, Illinois

No premium is given in this department, but every facility is offered for the display of exhibits.

Space may be reserved by addressing the Secretary of the Central States Fair. Reservations should be made as early as possible, for demands for space will probably exceed space available for the department.

Investigation showed that an actual and prospective business of over \$2,000,000.00 was done by exhibitors in this department during the period of one of our 1922 Fairs.

Note—Bill all freight to NIFA, Illinois.

Owing to the great cost of operating the Central States Fair, a charge of 50 cents per front foot will be made for outside space in this department. An additional charge of twenty-five cents per foot covering the depth of the space will be made for corner spaces. Inside spaces (24 feet by 24 feet) are \$60.00. Half spaces (12 feet by 24 feet) are \$35.00. Exhibitors who carry advertising in the 1923 Premium Book will be allowed to apply the cost of this advertising against cost of space in this department, however, without refund when the cost of space does not reach the cost of advertising space. This action is taken to encourage co-operation on the part of exhibitors with the Central States Fair in advertising Fair exhibits.

When writing for space or tent room, please state the number of front feet you will require, and the nature of your exhibit.

All exhibits in this department must be in place and ready for exhibition by 9 o'clock a. m., Friday, August 17th.

Exhibits cannot be removed from this department until 4 o'clock p. m., Saturday, August 25th.

Charts of the space assigned to machinery and vehicles will be furnished upon application.

Rules prescribed by the Superintendent have the approval of officials of the Fair, and should be strictly obeyed. Please take up all matters concerning this department during the Fair with the Superintendent.

Producers of the Central States will find in the tractor and machinery display at the fair their greatest opportunity to examine first-hand tractors and machinery of which they are in need.

All grains, seeds and vegetables competing for premiums must be exhibited by the producer and must have been grown in the year 1923 except as otherwise noted. All samples of corn must have been grown by the exhibitor during the year 1922, except as otherwise noted.

Awards will be made by the single judge system unless in the judgment of the Superintendent more are required.

All Medium Red Clover, Mammoth Clover, Sweet Clover, Alsike Clover, Timothy, Millet or other grass seed mentioned in Section No. 1, Illinois Seed Law as farm seeds, when exhibited for premium, must be tagged in accordance with the law, the same as if sold or offered for sale in the State.

Samples winning champion prizes will forfeit the cash premium won in the class; thus the first money going to sample winning second; second money to sample winning third, etc. All samples will retain the ribbons won in their respective classes as well as the championship ribbons.

The Superintendent should instruct his clerk to check up the exhibits competing for premiums in each ring, and so mark the entry that it will show what entries were exhibited, as well as which exhibits were awarded premiums.

The Fair Management will not be responsible for goods shipped to their care, but all goods sent by express, addressed to the owner at the Fair Grounds, Aurora, Illinois, in care of the Superintendent of Farm Products will be delivered on the grounds.

SPECIAL FEATURE } WHEAT SHOW EXTRA }

CERTIFIED WHEAT

Entries in these classes must have been inspected in the field before harvest and accompanied by inspection certificate or tag showing results of field inspection as well as quality of the grain as determined by a laboratory analysis.

STATE OF ILLINOIS DEPARTMENT OF AGRICULTURE

Division of Plant Industry

Visitors to the Fair, especially farmers, Farm Advisors and seed dealers will find in the Agricultural and Horticultural Building an interesting and

educational exhibit of the work being done by the Seed Laboratory located at Springfield.

Samples of farm seeds which come under the Illinois Seed Law will be exhibited, showing how they should be tagged to comply with the law. Samples of unsalable seed will also be shown in comparison with good seed.

Weeds and their seed will be shown thus enabling those interested to become more familiar with them and learn their correct names. Farmers having weeds for identification may bring them in during the Fair. Each specimen should be as complete as possible, showing root, stem, leaves and flowers or seeds.

The Seed law does not exempt farmers from the tagging of seed when sold for seeding purposes, therefore, all seed should be analyzed before offering for sale and the sample for analysis should be fully representative of the entire lot. Two ounces or half a drinking glassful is the amount required.

All clovers and grass seed entered for prizes must be tagged with analysis. Samples brought in during the Fair will be given prompt attention.

The Plant Inspection work done by this Division through its office at Urbana, Ill., will be a part of the exhibit and will include some specimens showing results of plant diseases which affect grains, plants, shrubs and trees. This should be of especial interest to farmers, horticulturists, nurserymen and lovers of plants, shrubs and trees.

Plan to spend a little time studying this exhibit, it may save you money in your work.

Rules Governing Textile Fabrics

Any article or design having been awarded a premium at our 1922 Fair cannot compete in same class this year, but may be included as part of a display or collection, or in another class if eligible.

The word "collection" refers in the first place to the quality, and in the second place to quantity.

When a premium is offered for a particular kind of work "not otherwise specified," it is intended that any article of this style of work which is not specifically mentioned in the premium list, will be allowed to compete, but each variety must compete with its kind—Kensington embroidery with Kensington, silk with silk, crocheting with crocheting, etc.

The judges are instructed not to award premiums unless the articles are deemed worthy of merit and score at least 60%.

All articles entered for competition must be the handiwork of the person exhibiting them. No entry shall be duplicated by any exhibitor.

Awards will be made by the single judge system, unless in the judgment of the Superintendent more are required.

The following score card will serve as a general guide to exhibitors of Textile Fabrics in making their exhibits and will be used by the judges in making awards. Suitability and beauty of design, 20; color, 15; general appearance (neatness and cleanliness) 15; workmanship, 50; total, 100.

Entries will positively close Wednesday, August 8th, 1923, at 6 p. m.

All entries sent by mail must be received not later than 6 p. m. Wednesday, August 15, 1923.

All articles must be in place with entry cards attached not later than 9 a. m., on Thursday, August 16th, 1923. The section will be open to receive articles on Tuesday, August 14th, 1923. The public cannot be admitted to the section until the judges finish their work, and the judges cannot, of course, do their work until the articles are in place.

All articles wrongly classified will be put in the proper classification. Exhibitors must have these changes made at the Secretary's office.

All articles must be finished.

No article on exhibition may be removed until the close of the Fair, except upon request of the Superintendent and the written permission of the Secretary.

Every article entered for competition shall be under the control of the Superintendent of the Section, but the Fair Management will in no case be responsible for any loss or damage that may occur to the same.

Exhibitors who are unable to accompany their exhibits may have the same cared for by giving the Secretary notice, when sending list of entries.

The Fair Management will not be responsible for goods sent to their care, but all goods sent by express, addressed to the owner at the Fair grounds, Aurora, Illinois, in care of the Superintendent of Textile Fabrics will be delivered on the grounds.

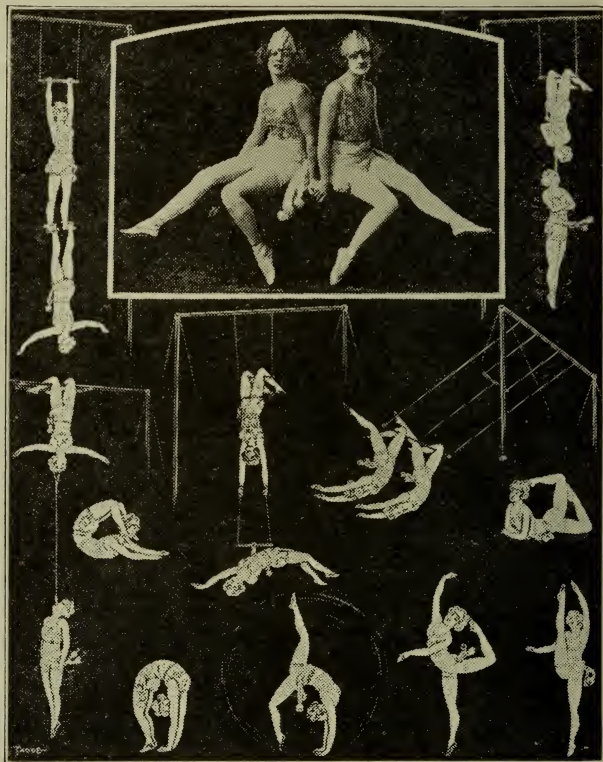

The Superintendent should instruct clerk to check the entries shown in the entry book in each class with the exhibits present, and so mark the entry book that it will show what entries were passed on by the judges.

FINE ARTS

Director General Fine Arts Department
Mr. E. S. Barrie, New York, N. Y.

Paintings, water colors, and sculpture are eligible for exhibition.

OBJECT

It is the intention of the Central States Fair and Exposition at Aurora, Illinois, to make the Fine Arts Department on a par with any of the large American Art Exhibitions and with this in view, have secured men to manage the Fine Art Exhibit, whose reputation in the Art World is well known and beyond question. The second annual exhibition will be from August 17th to August 25th inclusive. Very handsome galleries are provided by the management.

QUALITY AND HIGH STANDARD PREVAIL

The Central States Fair and Exposition management believes that the proper encouragement to artists, as well as basis for awards, requires quality and high standard in the works exhibited. RULES AND REGULATIONS

1. No entrance fee will be required for any exhibit in this department, and it is not necessary that exhibitors purchase exhibitor's tickets.

2. All work exhibited in this department for premiums must be the product of instruction and direction given the exhibitor or exhibitors in the schools as described under the several divisions.

3. Entries of each school must be listed on an entry blank supplied for the purpose.

4. Exhibits must be accompanied by a teacher's certificate to the effect that the work shown is the school work of the pupils and grades indicated.

5. All entries must be received at the office of the Superintendent of this department on or before June 15th preceding the Fair. This is imperative in order that the work may entered, arranged and the proper space allotted to the exhibits, therefore, please comply with this rule.

6. For entry blanks and tags, address Supt. Edwin M. Harris, Geneva, Illinois.

7. Rural school teachers are especially urged to arrange for exhibit. All exhibits may be sent to the office of the Superintendent of this department at the end of the school term where they will be cared for and taken to the Educational Building at the proper time.

8. The office of this department shall be located at the County Superintendent of Schools' Office, Geneva, Illinois.

9. Special exhibits of any regular work that is being done in the schools but that is not listed may be entered as Special Exhibit if it is of unusual excellence. Handsome ribbons will be awarded on such exhibits.

10. Each piece of work of an entry shall contain in some conspicuous place the name of the subject and the grade of the pupil or pupils producing the work. The pupil's name and the name of the teacher shall be placed on a tag and attached to the exhibit.

11. All exhibits shall be arranged so as to make an effective display, i. e., shall be mounted on cards 22x28 inches, arranged so that the GREATER DIMENSION SHALL BE VERTICAL. Work that cannot be mounted shall be limited as to space as given under the division heads.

12. All exhibits of written work shall be on good paper, 8½x11 inches. Positively all papers of the same entry must be of the same size.

13. All maps must be on good paper or bristol board and not smaller than 11x14 inches in size.

14. Not more than one premium shall be awarded on any single entry.

15. No exhibit shall be entered under more than one class number.

16. No "school" or pupil shall have more than one entry for the same premium. The word "school" as used here shall mean the pupils in one building.

17. No premium shall be awarded for any exhibit that is inferior or does not give evidence of neatness and thought in its preparation.

18. In case of but one exhibit under a Class number, the judges shall award first, second or third premium as they deem the merits of the work shall warrant.

19. No exhibit shall be removed from the Educational Building until the Fair closes or without the permission of the Superintendent.

20. No exhibit will be returned to the owner except at his or her request and expense. All work should be removed by 6:00 P. M., August 27.

21. This Department shall not be held responsible for any loss of work exhibited.

22. In awarding premiums the judges will be instructed to follow all rules and regulations herein given and shall be further governed by considering the following points as most important:

- (a) Quality of work.
- (b) Effectiveness as a display.
- (c) Neatness and appearance.
- (d) Originality manifested.
- (e) Scope of work.

BEST DISPLAY

The educational feature of the exhibit work must necessarily be the leading one. Simply to show attractive things is not our purpose. Therefore, it is urged that each entry shall be the best possible display of the work done in that particular line. This work should be varied and the exhibit large enough, at the same time attractive enough, to make an effective impression upon all who see it. The teacher has every opportunity by such an arrangement to exercise her originality. Remember that the size, variety, condition as to neatness, form and originality and the scope of the work covered will be taken into consideration in awarding premiums.
